Bulletin No: 05

WW/TC/20/11/30/05

COLOR: Red

Warning for the depression in the south-east Bay of Bengal sea area

Issued by the Natural Hazards Early Warning Centre

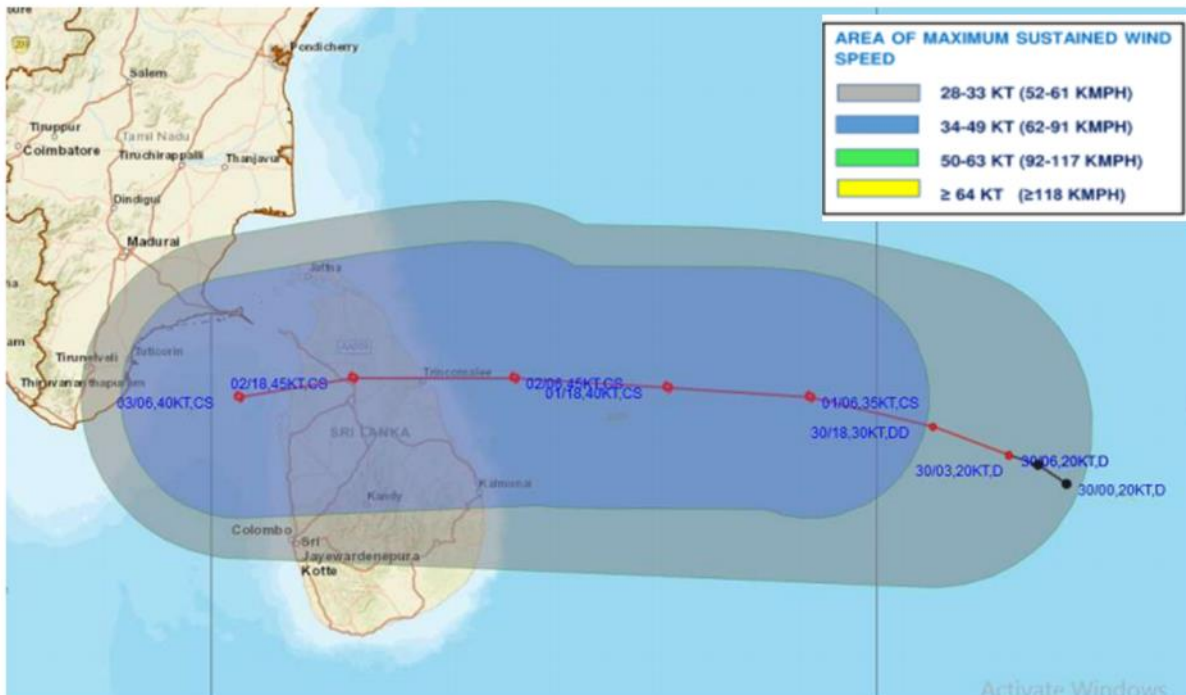

Issued at 07.00 p.m. 30th November 2020

For the land and the sea areas around the island

PLEASE BE AWARE!

The low pressure area in the south-east Bay of Bengal has concentrated into a depression lay centred 680 km southeast to Trincomalee at 1130hrs today. The system is very likely to intensify into a deep depression during next 12 hours and likely to intensify further into a cyclonic storm during the subsequent 12 hours .

The system is very likely to move west-northwestwards and cross eastern coast of Sri Lanka between Batticaloa and Mullativu around Wednesday (02) evening.
