Bulletin No: 02

WW/O/21/11/24/02

COLOR: Amber

Formation of the low-pressure area in the south-west of Bay of Bengal

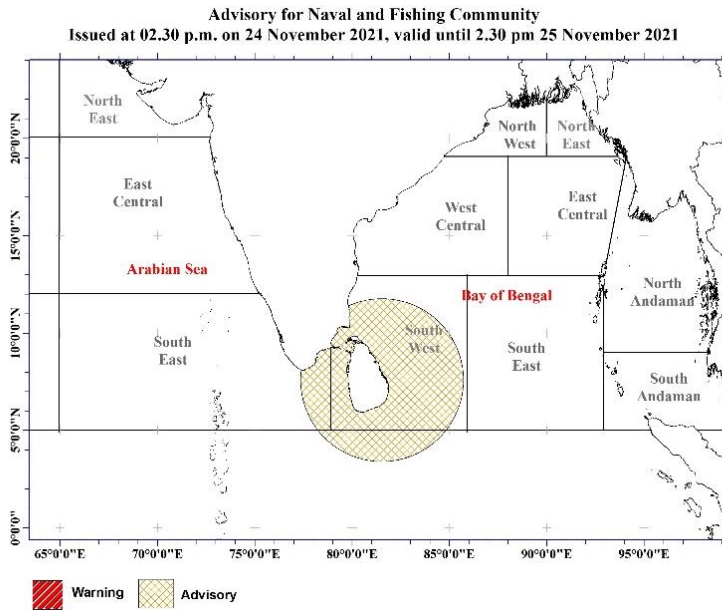

Issued by the Natural Hazards Early Warning Centre

Issued at 02.30 p.m. 24th November 2021, valid until 02.30 p.m. 25th November 2021

For South-West Bay of Bengal and deep and shallow Sea areas around the Island

PLEASE BE AWARE!

The prevailing low-level atmospheric disturbance located to the south-east of Sri Lanka and adjoining Southwest Bay of Bengal is expected to be intensified into a low- pressure area during next few hours. It is likely to move west-northwestwards.

Sea Condition:

There can be very heavy showers or thundershowers, strong winds **(40-50) kmph** gusting up to **60 kmph** associated with rough seas over the aforementioned sea area and the sea areas around the Island.

Actions Required:

Naval and fishing communities out at sea over South-West Bay of Bengal, deep and shallow sea areas around the Island are advised to be vigilant in this regard during next few days.
