Bulletin No: 01

WW/L/23/12/04/01

COLOR: **Amber**

## Advisory for Heavy Rain

Issued by the Natural Hazards Early Warning Centre

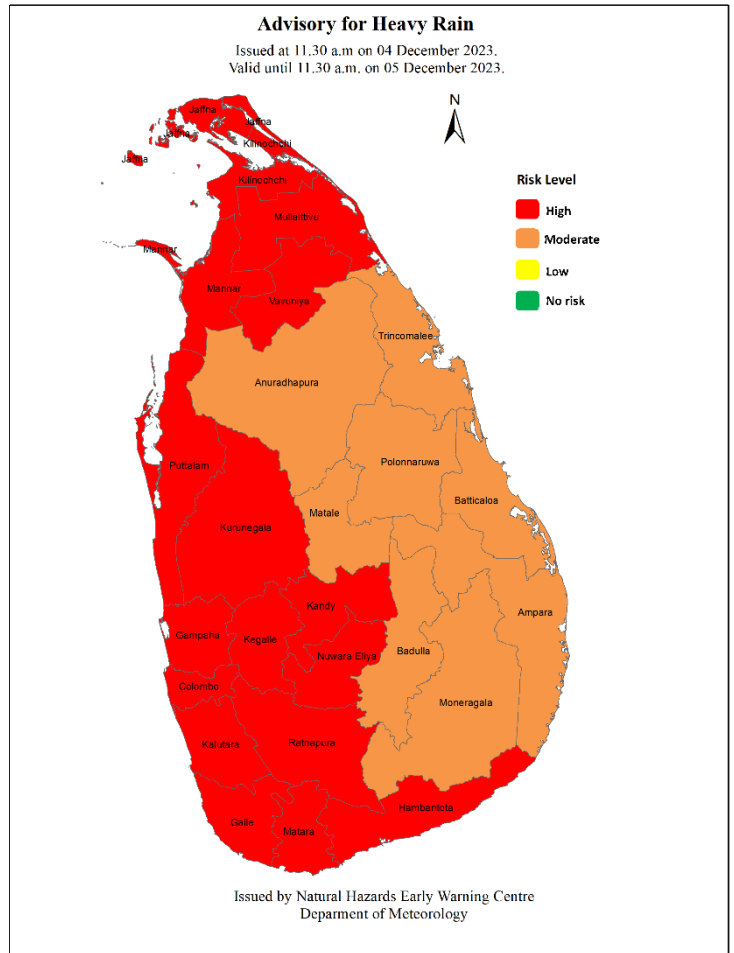

Issued at 11.30 a.m. 04 December 2023, valid until 11.30 a.m. 05 December 2023

**For Western, Central, Sabaragamuwa, Southern, Northern and North-western province.**

### PLEASE BE AWARE!

Prevailing showery condition over the South-western parts of the island is likely to continue further due to the indirect effect of the cyclone MICHAUNG.

Heavy showers above 100 mm are likely at some places in Western, Central, Sabaragamuwa, Southern Northern and North-western provinces.
